Contents

NUMBER 1

Scientific Papers

1 Pharmacokinetic behaviour of fenbendazole in buffalo and cattle: P. K. SANYAL

5 Disposition and bioavailability of neomycin in Holstein calves: W. M. PEDERSOLI, W. R. RAVIS, J. JACKSON & B. SHAIKH

12 Thiamphenicol pharmacokinetics in sheep: E. H. ABDENNEBI, N. KHALES, R. J. SAWCHUK & C. M. STOWE

17 Comparison of oral erythromycin formulations in the horse using pharmacokinetic profiles: P. J. EWING, G. BURROWS, C. MACALLISTER & C. CLARKE

24 Concentration of ceftiofur metabolites in the plasma and lungs of horses following intramuscular treatment: P. S. JAGLAN, R. D. ROOF, F. S. YEIN, T. S. ARNOLD, S. A. BROWN & T. J. GILBERTSON

31 Single-dose pharmacokinetics of cefazolin in bovine synovial fluid after intravenous regional injection: H. GAGNON, J. G. FERGUSON, M. G. PAPICH & J. V. BAILEY

38 An image analysis system: an objective and accurate alternative for reading the agar diffusion test: E. J. SCHOEVERS, M. TERLOU, A. PIJPERS & J. H. M. VERHEIJDEN

43 A field evaluation of the efficacy of tolfenamic acid and oxytetracycline in the treatment of bovine respiratory disease: J. DELEFORGE, E. THOMAS, J. L. DAVOT & B. BOISRAME

48 Pharmacokinetics of tobramycin in the camel: A. A. A/HADI, I. A. WASFI, F. A. GADIR, M. H. AMIRI, A. K. BASHIR & J. D. BAGGOT

52 Bioavailability, pharmacokinetics and residues of chloramphenicol in the chicken: A. ANADÓN, P. BRINGAS, M. R. MARTINEZ-LARRAÑAGA & M. J. DIAZ

59 Probable post-synaptic α_2 adrenergic mediated effect of xylazine on goat uterine motility: R. PEREZ, J. F. COX & R. ARRUE

64 Trimethoprim/sulfonamide combinations in the horse: a review: E. VAN DUIJKEREN, A. G. VULTO & A. S. J. P. A. M. VAN MIERT

Short Communications

74 Glucuronidation of naproxen by the turtle *Pseudemys scripta elegans*: T. B. VREE, M. L. VREE, M. VAN DEN BIGGELAAR-MARTEA, C. P. W. C. M. VERWEY-VAN WISSEN & J. F. M. NOUWS

77 Protective effect of chloramphenicol against parathion-induced pulmonary oedema in rabbits: influence of sex: V. SUTIAK, P. GUSTIN, A. DELAUNOIS & M. ANSAY

80 Glucuronidation of flumequine by the turtle *Pseudemys scripta elegans*: T. B. VREE, U. M. HOEBEN, W. J. VAN EWIJK-BENEKEN KOLMER & J. F. M. NOUWS

83 Notice

NUMBER 2

Scientific Papers

85 Review of the 1993 Veterinary Drug Bioequivalence Workshop: M. N. MARTINEZ & J. E. RIVIERE

120 Effects of dopamine receptor agonists on food intake and rumen motility in dwarf goats: F. KAYA, C. T. M. VAN DUIN & A. S. J. P. A. M. VAN MIERT

127 Pharmacokinetic-pharmacodynamic modelling of meperidine in goats (II): modelling: G.-L. QIAO & K.-F. FUNG

135 Bioavailability of levamisole administered by subcutaneous and oral routes in rabbits: J. J. GARCÍA, M. J. DIEZ, M. SIERRA & M. T. TERÁN

141 Bioavailability and pharmacokinetics of metoclopramide in cattle: R. D. JONES, K. M. MIZINGA, F. N. THOMPSON, J. A. STUEDEMANN & J. M. BOWEN

148 Effects of medetomidine on intestinal and colonic motility in the dog: S. MAUGERI, J. P. FERRÈ, L. INTORRE & G. SOLDANI

Short Communications

155 Pharmacokinetics of ceftriaxone in mares: S. Y. GARDNER & D. P. AUCOIN

157 Pharmacokinetics and tissue irritation of sodium dicloxacillin in lactating cows after intravenous and intramuscular administration: P. PYÖRÄLÄ, L. KAARTINEN & H. SÖDERGÅRD

160 Bioavailability of penicillin V after oral administration to fed and fasted pigs: P. NIELSEN & N. GYRD-HANSEN

NUMBER 3

Scientific Papers

163 Monitoring furosemide in racehorses participating in an EIPH program: A. J. STEVENSON, M. P. WEBER, R. TRUDEL, R. LEAVITT, D. WOODARD, F. TODI, M. MENDONCA, V. ROBILLO, L. YOUNG & S. KACEW

169 Yohimbine prevents the retrograde flow of spermatozoa into the urinary bladder of dogs induced by xylazine: M. H. PINEDA & M. P. DOOLEY

175 Effects of feed additives and veterinary drugs on aldosterone production and release by porcine adrenal cells *in vitro*: L. P. JAGER, G. J. DE GRAAF, H. C. A. WIDJAJA-GREEFKES, C. C. F. ACCORD-BURLESON, H. M. VAN DEN DUNGEN & A. J. BAARS

186 High performance liquid chromatography and pharmacokinetics of the non-steroidal anti-inflammatory drug oxindanac in calves: J. N. KING, C. MAURON, M. J. VOIROL, C. LE GOFF & S. A. HAUFFE

193 Correlation between the pharmacokinetics of oxindanac and inhibition of serum thromboxane B_2 in calves: J. N. KING

202 Morphine-isoflurane interaction in dogs, swine and Rhesus monkeys: E. P. STEFFEY, J. D. BAGGOT, J. H. EISELE, N. WILLITS, M. J. WOLINER, K. A. JARVIS, A. R. ELLIOTT & M. TAGAWA

211 Effects of hypertonic saline on myocardial contractility in anaesthetized pigs: P. W. HELLYER & R. E. MEYER

218 Equine coronary artery responds to 5-hydroxytryptamine with relaxation *in vitro*: T. OBI, A. KABEYAMA & A. NISHIO

226 Characterization of muscarinic receptor subtype mediating contraction and relaxation in equine coronary artery *in vitro*: T. OBI, A. KABEYAMA & A. NISHIO

232 A field study of the ivermectin sustained-release bolus in the seasonal control of gastrointestinal nematode parasitism in first season grazing calves: E. CLAEREBOUT, W. HOLLANDERS, H. DE COCK, J. VERCRUYSSE & H. HILDERSON

237 Effect of sodium cromoglycate on light racehorses with elevated metachromatic cell numbers on bronchoalveolar lavage and reduced exercise tolerance: J. E. HARE, L. VIEL, P. M. O'BYRNE & P. D. CONLON

NUMBER 4

Review

245 Anthelmintic resistance in nematodes causing parasitic gastroenteritis of sheep in the UK: C. A. HAZELBY, A. J. PROBERT & D. AP T. ROWLANDS

Scientific Papers

253 Pharmacokinetics of florfenicol following intravenous and intramuscular doses to cattle: R. D. LOBELL, K. J. VARMA, J. C. JOHNSON, R. A. SAMS, D. F. GERKEN & S. M. ASHCRAFT

259 Effects of dietary protein conditioning on gentamicin pharmacokinetics in dogs: E. N. BEHREND, G. F. GRAUER, D. S. GRECO, M. J. FETTMAN & T. A. ALLEN

265 The pharmacokinetics and pharmacodynamics of procainamide in horses after intravenous administration: E. J. ELLIS, W. R. RAVIS, M. MALLOY, S. H. DURAN & B. G. SMYTH

271 Comparative study of the action of flunixin meglumine and tolfenamic acid on prostaglandin E_2 synthesis in bovine inflammatory exudate: J. ESPINASSE, J.P. THOUVENOT, S. DALLE, J. GARCIA, F. SCHELCHER, O. SALAT, J. F. VALARCHER & S. DAVAL

275 Effect of drug formulation and feeding on the pharmacokinetics of orally administered quinidine in the horse: S. BOUCKAERT, J. VOORSPOELS, G. VANDENBOSSCHE, P. DEPREZ & J. P. REMON

279 Pharmacokinetic and toxicological aspects of the medication of beef-type calves with an oral formulation of chloramphenicol palmitate: B. GASSNER & A. WUETHRICH

284 A comparison of the effects of buprenorphine, carprofen and flunixin following laparotomy in rats: J. H. LILES & P. A. FLECKNELL

291 Plasma disposition of amikacin and interactions with gastrointestinal microflora in *Equidae* following intravenous and oral administration: L. J. I. HORSPOOL, D. J. TAYLOR & Q. A. McKELLAR

299 Effects of ketoprofen and flunixin in pigs experimentally infected with *Actinobacillus pleuropneumoniae*: J. M. SWINKELS, A. PIJPERS, J. C. M. VERNOOY, A. VAN NES & J. H. M. VERHEIJDEN

304 Disposition of parathion after dermal application in pigs: L. BRIMER, N. GYRD-HANSEN & F. RASMUSSEN

309 The sulfonamide-diaminopyrimidine story: A.S.J.P.A.M. VAN MIERT

317 Tiamulin selectively inhibits oxidative hepatic steroid and drug metabolism *in vitro* in the pig: R. F. WITKAMP, S. M. NIJMEIJER, G. CSIKÓ and A.S.J.P.A.M. VAN MIERT

Short Communication

323 The effects of butorphanol on locomotor activity in ponies: a preliminary study: A. M. NOLAN, W. BESLEY, J. REID & G. GRAY

NUMBER 5

Scientific Papers

327 Pharmacokinetics of sulphamethoxazole and trimethoprim administered intravenously and orally to Japanese quails: L. D. LASHEV & R. MIHAILOV

331 Pharmacokinetics of thiopentone in the horse: B. T. ABASS, B. M. Q. WEAVER, G. E. STADDON & A. W. WATERMAN

339 Fate of etiproston, a synthetic analogue of $PGF_{2\alpha}$, in cows: H. BENECH, P. BRUNE, A. PRUVOST, P. ARCHIMBAULT, P. GUILLOT, R. C. MURPHY, J. MACLOUF & J.-M. GROGNET

345 Types of serotonergic receptors involved in the control of reticulo-ruminal myoelectric activity in sheep: P. BRIKAS, J. FIORAMONTI & L. BUENO

353 Disposition of human drug preparations in the horse. III. Orally administered alclofenac: F. T. DELBEKE, J. LANDUYT & M. DEBACKERE

359 Comparative pharmacokinetics of ampicillin-sulbactam combination in calves and sheep: C. MONTESISSA, R. VILLA, O. SONZOGNI, C. BELLOLI & S. CARLI

365 Thiamphenicol pharmacokinetics in beef and dairy cattle: E. H. ABDENNEBI, R. J. SAWCHUK & C. M. STOWE

369 Pharmacokinetics of gentamicin following single dose intravenous administration in normal and febrile goats: A. H. AHMAD, H. S. BAHGA & L. D. SHARMA

374 The effects of aspirin and paracetamol on the aggregation of equine blood platelets: M. F. HEATH, R. J. EVANS, A. W. POOLE, L. J. HAYES, R. J. McEVOY & R. M. LITTLER

379 *In vitro* effects of tachykinins on the smooth musculature of horse gut: C. BELLOLI, F. ARIOLI, C. BERETTA & M. MADONNA

384 Disposition of ciprofloxacin following intravenous administration in dogs: A. R. ABADÍA, J. J. ARAMAYONA, M. J. MUÑOZ, J. M. PLA DELFINA, M. P. SAEZ & M. A. BREGANTE

389 Effects of phenylbutazone on thiamylal disposition and anaesthesia in ponies: D. B. YOUNG, P. J. EWING, G. E. BURROWS, B. A. LESSLEY, C. R. CLARKE & R. V. SHAWLEY

Short Communications

394 Pharmacokinetics of apramycin in Japanese quails: L. D. LASHEV & R. MIHAILOV

396 Influence of tolmetin on the zinc, copper and magnesium content of guinea pig tissues: V. P. KOTSAKI-KOVATSI, G. ROZOS, G. BATZIAS, A. VAFIADOU & A. KOVATSIS

399 Evaluation of a microstrain gauge algesimeter for quantitative measurement of nociception in the dog: J. E. QUANDT, M. R. RAFFE, E. REEH & R. WYATT

403 Pharmacokinetics of gentamicin in Mammoth asses: S. M. MILLER, N. S. MATTHEWS, K. L. MEALEY, T. S. TAYLOR & G. W. BRUMBAUGH

407 Announcement

NUMBER 6

Review

409 The absorption, distribution and elimination of anthelmintic drugs: the role of pharmacokinetics: J. D. BAGGOT & Q. A. McKELLAR

Scientific Papers

420 Endothelin and vasoactive peptides: new cardiovascular mediators: J. K. GWATHMEY & J. A. PAIGE

426 Pharmacokinetics of parenteral and oral sustained-release morphine sulphate in dogs: S. DOHOO, R. A. R. TASKER & A. DONALD

434 Percutaneous absorption of topical parathion through porcine skin: *in vitro* studies on the effect of environmental perturbations: S.-K. CHANG, C. BROWNIE & J. E. RIVIERE

440 A comparative study of the pharmacokinetics of intravenous and oral trimethoprim/sulfadiazine formulations in the horse: E. VAN DUIJKEREN, A. G. VULTO, M. M. SLOET VAN OLDRUITENBORGH-OOSTERBAAN, D. J. MEVIUS, B. G. F. KESSELS, H. J. BREUKINK & A. S. J. P. A. M. VAN MIERT

447 Stereospecific pharmacodynamics and pharmacokinetics of carprofen in the dog: Q. A. McKELLAR, P. DELATOUR & P. LEES

455 Specific binding of *dl*-cloprostenol and *d*-cloprostenol to $PGF_{2\alpha}$ receptors in bovine corpus luteum and myometrial cell membranes: G. RE, P. BADINO, A. NOVELLI, A. VALLISNERI & C. GIRARDI

459 Plasma concentrations and therapeutic efficacy of phenylbutazone and flunixin meglumine in the horse: pharmacokinetic/pharmacodynamic modelling: P. L. TOUTAIN, A. AUTEFAGE, C. LEGRAND & M. ALVINERIE

Short Communications

470 Kinetics of endotoxin, complement and platelet-activating factor (PAF) induced vascular permeability in Greyhounds: P. C. MILLS, J. C. NG, A. A. SEAWRIGHT & D. E. AUER

473 Comparison of theophylline pharmacokinetics in yearling and 4-year-old horses: Y. PEREZ, A. PUIGDEMONT, C. CRISTOFOL, F. DE MORA & M. ARBOIX

477 The effect of experimental *Schistosoma mattheei* infection on hepatic drug metabolism in BALB/c mice: Y. S. NAIK & J. A. HASLER

480 Index
